

# See why our customers consider us #1 in the South Jersey area

South Jersey Performing Arts Group has been teaching students of all ages since 1989. From what they are learning in the classroom to the overall experience, we are rated number one in the business.

It's plain and simple, we are in business to keep our customers happy and well educated.

Our goal is to give every dancer/musician the freedom to explore themselves through the arts and leave each week with a positive experience. Our mission is to provide students of all ages with the skills they need to enjoy dance/music for a lifetime. We offer top notch education, in return, they receive the best instruction possible. We have created a wonderful, fun and positive environment here at our school;

you are welcome to stop in during open hours for a visit to see why.

Some of our performance team students have performed locally as well as Walt Disney World, and soon to attend performances at the Pro Bowls, Thanksgiving Day Parades and at various functions as well as National Dance Competitions.

*We take great pride in each and every one of our students and their desires*, so if performance teams are not your thing, we take all measures to make sure EVERY student that enters our school, lives out whatever desire they may have to receive a great experience. Each student receives individual attention in every class, each week to make sure they are learning the proper techniques to carry them into their future. For our pre school year age children, it is essential at this young age to build self confidence and a positive self image.

Our pre school programs offer this in a structured, trustworthy, and nurturing classroom environment as well as limiting our class size so that every child gets the individual attention they require at this young age.

The school and the owners are involved in many local organizations, business associations, as well as raising money for several foundations for children with cancer, such as Alex's Lemonade Stand, and the Andrea Rizzo Foundation ( a foundation that offers dance therapy to children in area hospital suffering with cancer).

We have been noted in national magazines for our contributions and dedication to these wonderful childhood foundations.

**We do what we do here for the children,  
that is and always will be our number one priority.**

**NO HIDDEN FEES**

In our recovering economy, it is tempting to choose the cheapest school.

As we all know, cheap is **NOT** better, it usually measures up to a starving less experienced business.

Why are they cheaper? **They are less qualified.**

**We are not trying to break your bank,  
we just like to offer excellent quality .**

Our location? We are tucked in a residential neighborhood, away from all the dangerous traffic of strip store parking lots.

**Call today** to set up your **FREE** trial dance class.

Our testimonials are proof for themselves, visit our website and see why our customers choose us and continue to return year after year.
